WHAT EDUCATORS ARE SAYING:

Extremely satisfied.

I used this at the beginning of my high school art class. It was a great intro into LINE. I appreciated that students could produce something lovely right away without previous knowledge or skill. They also enjoyed learning about the use of this technique for art therapy. - Art Teacher, Letitia B.

Extremely satisfied.

My students and I love this lesson. The slideshow and video were easy to follow. The directions were clear. Thank you so much! - Art Teacher, Renee A.
